CARBIDE TIPPED BORING BAR SET

- Features:
- C6 grade; carbide for steel and alloy steel.
 - Up to 100% longer tool life
 - All shanks are hardened and ground to +0.0000" ~ -0.0005"
 - Tool life is extended because each bar has far more steel behind the cutting edge for heavier chatter-free cut, deeper more and more precise work.
 - The same bar can bear flat-bottom hole or face.
 - Grind bar on cutting end for special tools such as grooving, threading or automatic operations.
 - All 1/2", 3/4", and 1" shank fit most boring and facing heads.
