HEAVY-DUTY INDEXABLE GROOVING & CUT-OFF HOLDER, RIGHT HAND

(nickel plated body)

Features:

- For shallow precision grooving and profile/copy turning
- O-ring, snap-ring, relief grooving and high production
- Opening of wide grooves by plunging and side turning
- Precision clamping and insert indexing accuracy
- Stable under side cutting forces when profile turning
- Maximum stability due to short overhang

SELF-LOCK CARBIDE CUT-OFF TOOL SET

Item #2410-0012, 1/2" set

- Includes: 1pc SLTBN12-2 tool block 1/2"
- 1pc NCIH19-2 adjustable blade, 0.087" insert width
- Blades marked with vernier increasing line in 32nd.
- 10pcs GTN-2 carbide inserts, grade C6, 0.087" insert width, TiN Coated
- All kits include 1 insert wrench & 1 allen wrench, packed in fitted cases

Item #2410-0013, 3/4" set

- Includes: 1pc SLTBN19-5 tool block 3/4"
- 1pc NCIH26-3 adjustable blade, 0.120" insert width
- 1pc NCIH26-4 adjustable blade, 0.160" insert width
- Blades marked with vernier increasing line in 32nd.
- 5pcs GTN-3 carbide inserts, Grade C6, 0.120" insert width, TiN Coated
- 5pcs GTN-4 carbide inserts, Grade C6, 0.160" insert width, TiN Coated
- All kits include 1 insert wrench & 1 allen wrench, packed in fitted cases

Item #2410-1010, 1" set

- Includes: 1pc SLTBN25.4-6 Tool Block 1"
- 1pc NCIH32-3 adjustable blade, 0.120" insert width
- Blades marked with vernier increasing line in 32nd.
- 10pcs GTN-3 carbide inserts, Grade C6, 0.120" insert width, TiN Coated
- All kits include 1 insert wrench & 1 allen wrench, packed in fitted cases
